## About the International Summer School 2015

“Modern Challenges in Economic Science and Practice”

Dear Colleagues,

On behalf of The Siberian Federal University we would like to greet you as a strategic partner of our University and invite students of your respected Institution to participate in **the International Summer School 2015 “Modern Challenges in Economic Science and Practice”**.

The International Summer School 2015 will be held in Krasnoyarsk city, Russia, on July 06-19, 2015, at the “Polytechnic” Sports and Recreation Complex of The Siberian Federal University located on the banks of the picturesque Krasnoyarsk reservoir in the Siberian taiga.

### TOPICS of the INTERNATIONAL SUMMER SCHOOL 2015:

- International trade and trade policy;
- Knowledge –based economy and lifelong education;
- Models of Innovative Economic Development;
- English as a Foreign Language in Professional Communication for Future Economists;
- Russian as a Foreign Language in Professional Communication for Future Economists (for international students)

The International Summer School 2015 is aimed at students majoring in economics and management who speak fluent English and can use the basic methodology of economic analysis.

The lectures and seminars within the International Summer School 2015 will be delivered by an international team of professors from Great Britain, the Netherlands and Russia.

The working language is English.

The languages of communication are English and Russian.

Upon completion of the program the participants will be issued a Certificate (7 ECTS).

We would appreciate it if you could assist us in informing the students of your university of the possibility to participate in this event.

We are sure that participation in the International Summer School 2015 will be of much benefit not only to students but also for the development of cooperation between our universities and countries.

Sincerely Yours,

Eugene Vaganov,

Rector
