Invitation Letter of understanding students to attending CUST Nano-Optical Summer Camp in 2019

To commemorate the 70th anniversary of the establishment of diplomatic ties and deepen the comprehensive strategic partnership between China and Russia, Changchun University of Science and Technology will hold a Nano-Optical Technology Summer Camp in September, 2019.

The activities include specialized courses learning, exchanges between Chinese and Russian university students, visits to scientific research laboratories and Chinese cultural facilities and Chinese cultures, and know the current research about the nanometer and optics. The relevant contents are as followings:

1. Attendant: ITMO, Banzarov Buryat State University, Ural Federal University , Pacific National University
2. Numbers: totally 20, 5 students for each university
3. Time: 2nd--11th September, 2019
4. Location: Changchun, Harbin, Beijing
5. Requirements: the students' majors related to Nano technology, Optics, Computer Science, and students should be able to communicate fluently in English.
6. Deadline: 30th June, 2019
7. Expense: Changchun University of Science and Technology will cover accommodations, lunches and inter-city transportation. International flights tickets, and fees of sightseeing, visa application and dinners in China are borne by themselves. The tuition fee of the Summer Camp is waived.

Schedule on 2019 Nano-Optics Summer Camp

Date	Time	Activity	Attendants	Location
2 nd Sep Monday	All Day	Pick up		Changchun Longjia Airport
3 rd Sep Tuesday	08:30-08:50	Opening Ceremony	University Leaders	Academic Hall, Library
	08:50-09:00	Group Photo	Russian students and volunteers	Lobby, Library
	09:00-09:40	Visit to the University Museum		2 nd Floor, Library
	10:00-11:30	Lecture 1		Information Center
	13:30-15:00	Conversation between Chinese and Russia students		Opto-electronic Engineering School
	15:10-17:00	Visit to the Laboratories	International Office and others	To be confirmed
17:00-18:30	Welcome Dinner			
4 th Sep Wednesday	08:00-11:30	Lecture 2	Russian students and volunteers	Information Center
	13:30-15:30	Visit to the Nano Measuring and Manufacturing Technology Center		Nano Measuring and Manufacturing Technology Center
	15:40-17:00	Experience in Tai Ji		Gymnasium
5 th Sep Thursday	08:00-11:30	Lecture 3	Russian students and volunteers	Opto-electronic Engineering School
	13:30-17:00	Lecture 4		Science School
6 th Sep Friday	08:00-11:30	Lecture 5	Russian students and volunteers	Science School
	13:30-15:30	Visit to Ultrafast Optical Laboratory		Science School
	15:40-17:00	Experience in Pingpong		Gymnasium
7 th Sep Saturday	09:00	Go to Harbin	Russian students and volunteers	Harbin
	10:30-11:30	Visit to the Central Avenue		
	14:00-16:00	Visit to Harbin Institute of Technology		
	17:00	Return to Changchun		
8 th Sep Sunday	09:30-11:00	Visit to Changchun China Optical Science and Technology Museum	Russian students and volunteers	Jingyuetan National Scenic Area
	13:00-16:00	Visit to Jingyuetan National Scenic Area		
9 th Sep Monday	08:00-11:30	Lecture 6	Russian students and volunteers	Computer Science and Technology School
	13:30-15:30	Visit to the State Key Laboratories		Technology Building
	16:00-16:30	Grant certificate	International Office	Administration Building
	20:00	Go to Beijing		
10 th Sep Tuesday	07:00-13:00	Visit to the Great Wall	Russian students and volunteers	Beijing
	14:00-15:30	Visit to Tian'an Men Square		
	16:00-18:00	Visit to Wangfujing Commercial Area		
11 th Sep Wednesday	All day	Departing	Russian students and volunteers	Beijing Capital International Airport
