MESSAGE

I am pleased to learn that the Indian Technical and Economic Cooperation (ITEC) has completed 55 years of existence. Established in September 1964, the programme aims to enhance India's development cooperation with partner countries. The programme is intended to serve as a 'knowledge bridge' for Africa, Asia, Europe, Oceania and Latin America with India.

Knowledge and technology are the driving forces of nations and societies in the 21st century. Ours is a nation that has rich and varied experience in human resource development on themes related to socio-economic development.

In past, more than 2 lakh professionals from across the world have participated in its programmes. ITEC is now leveraging latest technological advancements like Artificial Intelligence, nano technology and Internet of Things to enhance its capacity-building.

I am sure that the programme will help the participants and the partner nations to forge lasting friendship and camaraderie mutually and bring about an all-round development of the skills of professionals from partner nations.

Best wishes to Team ITEC and all the partnering countries to make a contribution to shape the world into a better place to live in.

(Narendra Modi)

ITEC

FOREWORD

The Indian Technical and Economic Cooperation (ITEC) Programme of the Ministry of External Affairs is the most active manifestation of India's development co-operation initiatives. ITEC is a fully sponsored programme of Government of India for government officials, professionals and policy practitioners. In its 55th year now, ITEC has now become a brand name synonymous with capacity building and human resource development. It not only provides training to thousands of participants from 160 partner countries but also extends technical cooperation in form of pilot projects and consultancies through ITEC experts and advisers seconded to our partner countries of the Global South.

While the ITEC programme is essentially bilateral, it has extended its scope to include regional and multilateral partners such as Bay of Bengal Initiative for Multi-Sectoral Technical and Economic Cooperation (BIMSTEC), Association of South East Asian Nations (ASEAN), African Union (AU), Caribbean Community (CARICOM), World Trade Organisation (WTO), and Indian Ocean Rim Association (IORA), to name a few.

For 2019-20, around 14000 scholarships, both short-term and long-term, are being offered in various areas of civilian and defence competencies in premier Indian institutes in India. ITEC has now evolved new methods to enhance its outreach. We have adopted a more focused

approach through customized country-specific courses, advanced programmes for policy-makers under ITEC Executive and through innovative modalities like e-ITEC and ITEC Onsite.

Over the years, ITEC has created a large number of alumni across continents who have become brand ambassadors and powerful links between India and their respective countries. I hope that this user-friendly reference document will encourage both participating governments and individuals from our partner countries to avail these courses.

A handwritten signature in blue ink, appearing to read 'S. Jaishankar', with a horizontal line underneath.

Dr. S. Jaishankar

Minister of External Affairs, India

PREFACE

The Indian Technical and Economic Cooperation (ITEC) is the flagship programme of the Indian Government's capacity building efforts. Launched in 1964, ITEC is a vehicle to share the fruits of India's socio-economic development and technological achievement with other developing countries. The main components of ITEC programme are:

TRAINING

In the last 55 years, over 2,00,000 professionals have benefited from ITEC Scholarships so far. In 2019-20, ITEC offers around 14,000 scholarships to professionals and multilateral organizations from 160 partner countries in premier Indian institutions in wide ranging areas of civilian and defence expertise. ITEC also includes all capacity building extended by India under TCS (Technical Cooperation Scheme of Colombo Plan). ITEC has now expanded its scope to offer trainings in a trilateral framework along with other partners such as the US. Live online courses/capacity building are also conducted under e-ITEC for select partner countries.

PROJECT-RELATED COOPERATION

India assists ITEC partner countries on the basis of mutually agreed projects to establish useful infrastructure facilities with technology and skills appropriate to their resources and needs. A number of bilateral projects are undertaken, especially in the areas of capacity building – such as Centres of Excellence in Information Technology (IT), Vocational Training Centres and Business Incubation Centres for Small and Medium Enterprises (SMEs), and Archaeological Conservation projects.

DEPUTATION OF INDIAN EXPERTS

ITEC offers technical cooperation and need-based consultancy and advisory cooperation, feasibility studies and pilot projects through

ITEC experts deputed in partner countries. Currently, 57 ITEC experts are seconded to various partner countries.

EXPOSURE VISIT UNDER ITEC EXECUTIVE

Exposure visit to India are undertaken at the request of ITEC partners in specific sectors of interest.

GIFTS/DONATIONS OF EQUIPMENT

Supply of equipment/materials to assist the development efforts of partner countries in response to specific requests.

AID FOR DISASTER RELIEF

ITEC extends humanitarian aid to partner countries struck by natural/man-made disaster. This humanitarian assistance is usually in the form of medicines, foodgrains and emergency supplies.

Development Partnership Administration

(DPA-II) Division in the Ministry of External Affairs is the nodal division responsible for the ITEC Programme. More details can be found on the ITEC website www.itecgoi.in

ITEC also has a presence on social networking sites:

HOW TO APPLY

Applicants can browse the available courses online at ITEC portal (itecgoi.in). They can apply for ITEC training programme along with the certificate from her employer. This form is to be submitted to the nodal/designated Government Department/Agency of applicant's country. Nodal/designated Department/Agency is, in turn, required to forward the applications to the Embassy/High Commission of India, accredited/concurrently accredited to the nominating country along with undertaking by candidate and certification from employer (Part-II of Application Form). Candidates may later check the status of their application by logging-in at www.itecgoi.in. The credentials for log-in may be noted while filling up the form.

WHO CAN APPLY

Officials in Government, Public and Private Sectors, Universities, Chambers of Commerce and Industry, etc. Candidates should possess adequate work experience.

ELIGIBILITY CRITERIA FOR ADMISSION TO COURSES

Academic qualifications as laid down by the Institute for the Course concerned. Working knowledge of English is required to follow the Course. Age between 25 to 45 years. Medically fit to undertake the training.

GENERAL INFORMATION

Applications should reach the Embassy/High Commission of India sufficiently before the commencement of the Course. Upon selection, the Embassy/High Commission of India will inform the nodal/designated Department/Agency of the nominating country and the candidate. Selected candidates are required to familiarise themselves fully with the living conditions in India and about the Institute through the Institute's website. Decision regarding acceptance of applications/nominations rests solely with the Ministry of External Affairs, Government of India. For any further information/clarification, applicants are requested to contact the concerned Embassy/High Commission of India

TERMS OF AWARD

EXPENSES COVERED UNDER ITEC PROGRAMME

VISA

Visa is issued gratis to the participants. Prior to departure for training in India, participants are advised to apply for Visa to the Embassy/ High Commission of India, accredited or concurrently accredited to their country. Visa issued for a particular training programme cannot be utilized for some other purpose.

ACCOMMODATION

Accommodation is provided by the Training Institute in a hostel/hotel and the charges on this account are borne by the Government of India. While generally accommodation is provided on single occupancy, there could be instances of accommodation being provided on double occupancy basis.

BOOK ALLOWANCE

The institute will provide the necessary training material, handouts, books, e-study material or any other documents which are necessary for training/self-study including a welcome-kit to the participants. In some cases, the institute may specify certain books and suggest that the participants should purchase the same. Cost on such purchases will be borne by Government of India.

MEDICAL FACILITY

Participants selected for training Courses are expected to be medically fit. The Government of India will cover medical treatment only for ailments of immediate and emergency nature occurring in India. No medical reimbursement will be provided for ailments of chronic nature or for pre-existing medical condition.

1

AIR FARE

Excursion/economy class air tickets for travel from the airport nearest to their place of working/residence in their respective home countries, to their place of training in India and back.

2

3

COURSE FEES

Fees charged by the training institutes are borne by the Government of India.

4

LIVING ALLOWANCE

The participants will receive a daily living allowance (currently INR 1200/- per day). Disbursement of this Allowance will be made by the Institute on a weekly/fortnightly basis (as decided by the Institute) after deducting charges for meals, as participants are required to bear expenditure for meals from the Living Allowance. In case institute does not make any arrangement for provision of meals, the participant will receive the entire daily living allowance.

5

6

STUDY TOUR

An educational-cum-sightseeing study tour is an integral part of many courses. They also serve to familiarize the participants with Indian culture and history and are compulsory. Government of India bears the cost of such study tours during the Course.

GENERAL CONDITIONS

- Participants must ensure that they have appropriate visa for India, valid for the entire duration of the training course before departure. While the Visa for India would be provided by respective Indian Mission on gratis basis, participants should obtain required transit visas, if any, on their own.
- Participants are required to take Yellow Fever and any other prescribed vaccination, if so required as per WHO protocols, well before their departure to India (at least 10 days before the date of travel) otherwise they are liable to be quarantined at the airport at their own cost.
- Participants are required to obtain from the Indian Mission the contact details of the Course Coordinator and the Training Institute and should keep the Institute informed of their travel plans well in advance.
- Participants are required to conduct themselves with discipline and abide by conduct rules, regulations and guidelines as stipulated by both the nominating Government and the Government of India.
- Participants are required to abide by the rules of the university/institution/ establishment in which the participant is selected to undergo the training as well as participate in all Course-related activities including submission of periodic assessments/tests conducted by the Institute.
- Participants may be taken on educational study tour(s) as part of their Course Curriculum. This also typically includes visits to different Indian heritage sites/places of interest located in the geographical vicinity of the institute.
- Participants are required to return to their countries upon completion of the training Course.
- Participants who leave the Course midway without prior intimation/permission of the Ministry of External Affairs or remain absent from the Course are required to refund the cost of training including airfare to Government of India.
- Participants must refrain from engaging in any political activity and/or any form of employment for profit or gain while on training. Candidates must not to carry any arms, ammunition, drugs or any other prohibited and illegal items.
- Participants are not allowed to bring along their spouses or families for the duration of the Course. No such request will be entertained by Government of India.
- ITEC sponsorship could be canceled at any time due to unsatisfactory conduct, breach of conditions of the Programme, violation of rules of the institute/ university/establishment, failure to make satisfactory progress in the training Course or for other sufficient cause as determined by the Government of India.
- Female participants are advised that if they are pregnant, issues related to their pregnancy will not be covered during their training on India.

Participants are advised to join social media handles of ITEC on Facebook/Twitter to get useful information from the ITEC community.
